

“Order-to-Pay Service”

For You and Your Customers

by *Huntington Bank and InfoAccess.net*

Let us tell your customers that you are electronic, and it is easy to do business with you!

Be a Great Supplier to your Customers

Receive Orders Electronically

Receive payments and Remittance Electronically

Forecast Payments and Reduce Invoice Deductions

Paperless Environment

- ✓ Create invoices electronically and eliminate mail and fax expenses.
- ✓ Get paid electronically- quickly and effortlessly.
- ✓ No software to purchase. A web browser brings you full EDI capabilities.

Visibility and Access to all Key Information via the Internet

- ✓ Validate and match invoices against the purchase order and receipt.
- ✓ Visibility to the entire purchase order-to-payment life cycle.
- ✓ Forecast payments with ease and accuracy.

Process Improvement

- ✓ Streamlined AR process and automatic cash application.
- ✓ Self-service through on-line reporting and document tracking.
- ✓ Customers want to do business with an efficient supplier using superior technology.

Send Invoices Electronically
